

Anthology of French Horn Music

by Richard C. Moore and Eugene Ettore. Intermediate-Advanced. A master source of symphonic and operatic excerpts from the works of the great composers, selected from the repertoire most frequently used for recitals, placement exams and professional auditions. The author provides comments on many of the selections which point out particular difficulties of the pieces, such as awkward transpositions, rhythms or fingerings. Where necessary to the understanding of the excerpt, some passages include second, third or fourth horn parts.

A variety of chord progressions, taken from various forms, are used in the Ideas for Soloing, with complete analysis.
